Digital Colour Printer

## Canon imagePRESS Colour Printer C1

The choice for Graphic Design professionals  
and in-house Colour Proofing Pre Press Printing

### Setting new standards in image quality and performance for printing and proofing

Re-think your perceptions of digital colour printing with  
the new imagePRESS C1. Next generation technology  
ensures outstanding image quality and stability for digital  
colour printing that compliments offset production runs.

14 pages  
per minute

Colour production at 14 ppm with  
1200 dpi with 256 graduations for  
**exceptional image quality.**

1200 dpi  
with 256  
graduations

Offers printing and proofing on a wide  
variety of media sizes up to 13" x 19"  
– including a range of **coated and  
uncoated stocks.**

For easy operation the imagePRESS C1  
incorporates a large, **easy to read,  
touch-screen LCD control panel.**

Automatic calibration and  
control systems provide  
**outstanding colour  
stability and consistency.**

Outstanding  
image  
quality

**The imagePRESS C1  
- excellence in digital  
colour printing and  
proofing**

**Unparalleled business opportunities:**

Exceptional image quality and flexible media handling ensures the imagePRESS C1 works in many ways for your business. From proofing, to short run, to print on demand, even variable data printing. **It's the digital device to open new opportunities.**

**New V-Toner, E-Drum and T-Developer** offer outstanding image quality and stability day after day.

**An oil-less fusing system** provides the look and feel of an offset print.

**Feeding capabilities**

Combine hardcopy in your digital workflow with the Duplex Automatic Document Feeder. Or use the optional Paper Deck Lite to add high capacity feeding to your process.

**Incorporates professional finishing capabilities:**

Saddle  
Stitch

Standard  
punching

Stapling
